

Incident Investigation

1 Who Should Attend . . .

This live virtual instructor-led seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

The program is planned for one day. The goal is to provide participants reasons why incident investigation is important, discuss the different aspects of an investigation, and practicing techniques for determining the root cause of incidents. The training will include class discussions and exercises, with small group breakout sessions for case studies and other activities. **Virtual classroom with an in-person instructor.**

This training format can be taken from the office, home, or remotely.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

Participants will:

- ▶ Define Common Terms Used in Incident Investigations
- ▶ Explain the Need to Investigate Incidents
- ▶ Discuss the Tools Necessary to Properly Complete Investigations
- ▶ Four Techniques for Conducting an Investigation
- ▶ Understand the MIOSHA Injury and Illness Reporting Requirements
- ▶ Explain the Benefits of Incident Investigations

Required Class for
Safety & Health
Management Systems
Level Two
MTI Certificate

This course has been approved for both residential builders pre-licensure and continuing safety training requirements.

Facilitator

Jeff Edgerton joined the General Industry Division of MIOSHA in 2012 as a Safety Officer. For more than seven years, he conducted inspections in high-hazard industries, addressed employee complaints, and investigated workplace injuries and fatalities.

In 2019, Jeff was appointed to the position of Occupational Safety Consultant in MIOSHA's Consultation Education and Training Division. In this capacity, he advises general industry employers, workgroups, and governmental agencies in areas relating to occupational safety hazards and compliance with MIOSHA Safety Standards. He also conducts hazard surveys and develops and delivers training seminars.

Prior to joining MIOSHA, Jeff worked in construction and for the Flint Community School District. He received a Bachelor of Arts degree from the University of Michigan-Flint in 2009.

Presenters: Jeff Edgerton, Occupational Safety Consultant; and Mike Brodzik, Senior Occupational Safety Consultant; MIOSHA-CET Division
